Girl - 12-month exploration plan

## Your 12-month plan

MONTH 1

### Track Local Prices

**Project details**
Choose five everyday items and use price information your family already has to record each item's price once a week. Add the figures to a notebook or spreadsheet. Draw simple line graphs to show how prices change over the month.

**TARGET SKILL**
Data Analysis

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A notebook or spreadsheet with weekly price records.
2. At least one clear line graph showing price changes.

MONTH 2

### Interview Family on Spending

**Project details**
Prepare 5 simple questions about family spending habits. Interview a family member and write down their answers. Summarize the main points and share them with your parent or teacher.

**TARGET SKILL**
Stakeholder Communication

**TIME**
2–3 hours over the month

**SUCCESS CRITERIA**
1. A list of 5 questions and recorded answers.
2. A short summary of the interview findings.

MONTH 3

### List Community Needs

**Project details**
Think about your neighborhood and list 5 things that could improve local life (like parks or markets). Write simple ideas on how to address these needs. Discuss your ideas with a family member.

**TARGET SKILL**
Policy Strategy

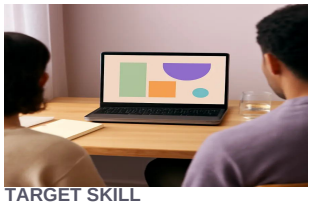

**TIME**
2–3 hours over the month

**SUCCESS CRITERIA**
1. A list of 5 community needs.
2. Simple written ideas for solutions.

MONTH 4

## Explain Economy Basics

**Project details**
Create a short poster or slide explaining what an economy is and why it matters. Use drawings or simple words. Present it to your family or friends and answer their questions.

**TARGET SKILL**
Presentation Skills

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A clear poster or slide with basic economy concepts.
2. A short oral presentation to an audience.

MONTH 5

## Collect Price Data Online

**Project details**
Use free websites to check prices of fruits or vegetables in your city. Record prices for 4 weeks. Compare and note any patterns or changes.

**TARGET SKILL**
Data Analysis

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A record of weekly online price data.
2. Notes on observed price patterns.

MONTH 6

## Survey Friends on Pocket Money

**Project details**
Make a simple paper survey asking friends about their pocket money and spending. Collect answers from at least 5 friends with help from a parent. Summarize the results in a chart.

**TARGET SKILL**
Stakeholder Communication

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. Completed surveys from 5 friends.
2. A chart summarizing the survey data.

MONTH 7

## Plan a Mini Budget

**Project details**
Create a simple monthly budget for yourself using pretend income and expenses. Write down how you would save money or spend wisely. Share your plan with a parent for feedback.

**TARGET SKILL**
Policy Strategy

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A written budget plan with income and expenses.
2. Ideas on saving or spending wisely.

MONTH 8

## Present a Market Story

**Project details**
Choose a local market or shop and tell a story about how it helps people. Make a short video or talk explaining your story to family or classmates.

**TARGET SKILL**
Presentation Skills

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A short video or oral story about the market.
2. Audience feedback or questions answered.

MONTH 9

## Analyze School Expenses

**Project details**
List common expenses at your school (books, snacks, transport). Collect approximate costs and analyze which are highest. Draw a pie chart to show expense distribution.

**TARGET SKILL**
Data Analysis

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A list of school expenses with costs.
2. A pie chart showing expense shares.

MONTH 10

## Discuss Economic Choices

**Project details**
With family or friends, discuss choices people make when money is limited. Write down different opinions and reasons. Reflect on how these choices affect daily life.

**TARGET SKILL**
Stakeholder Communication

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. Notes on different opinions from discussion.
2. A short reflection on economic choices.

MONTH 11

## Design a Simple Policy

**Project details**
Think of a small problem in your community (like waste or water). Write a simple policy proposal with steps to fix it. Share your proposal with a teacher or parent for feedback.

**TARGET SKILL**
Policy Strategy

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A written policy proposal with clear steps.
2. Feedback received from an adult.

MONTH 12

## Create an Economy Portfolio

**Project details**
Gather your past projects and create a portfolio folder or booklet. Add a final presentation explaining what you learned about economics. Present it to family or classmates.

**TARGET SKILL**
Presentation Skills

**TIME**
3–4 hours over the month

**SUCCESS CRITERIA**
1. A neat portfolio with past projects.
2. A final presentation summarizing learning.
